ON-LINE SERVICES
Repeat Medication Requests

We are introducing a new on-line secure service which will allow you to request repeat medication using the internet, at your convenience, even when we are closed. Prescriptions will be ready for collection 48 hours from the next working day.

The first step to access these services is to complete this form with your contact details. Once we process your request you will receive an e-mail containing details to allow you to register for the service and create a user name and password. This will be on an individual basis and a form will be required for each family member. The registration of children will expire when they reach 16 years of age and a new application will be required with their own e-mail address.

If you are interested in this service please complete your details below and return this form to the practice.
